### »Friendly helpful hotel«

"Stayed here with friends and had a wonderful stay, the rooms service, location and staff could not have been better. The staff made arrangements for us in advance and helped with transfers etc. The front desk staff also recommended some very good local restaurants which turned out to be superb."

### »Good value for money«

"We had our wedding at this hotel and I have just positive things to say about the hotel. The whole culinary experience was great and the cakes in the bar are delicious (try chocolate mousse cake). The room was also great - it was very spacious and renovated. The thing I really loved in the room was L'OCCITANE cosmetics in the bathroom."
